ORGANOCIDE 3-in-1 GARDEN SPRAY

Read entire label before use. Use only in accordance with label instructions.

This ready to spray applicator is calibrated to dilute Organocide® 3-in-1 Spray Concentrate in just the right proportion. Simply attach the sprayer to your garden hose. No mixing or measuring required.

Garden Insects: Organocide® 3-in-1 Spray kills the eggs, larvae, and nymphs of insects and the adult stages of over 25 soft bodied insects including (but not limited to) aphids, Hemlock wooly adelgid, leafrollers, mealy bugs, thrips, white-flies, and fungus gnats.

Spider Mites: Including, (but not limited to) European Red Mite, Spruce Mite, Maple Mite, Southern Red Mite, Two Spotted Mite, Six Spotted Mite, Texas Citrus Mite and Rust Mite.

Scale Insects: Including (but not limited to) Sago Palm Scale, Magnolia Scale, Oleander Scale, San Jose Scale, Hemlock Wooly Adelgid and Euonymus Scale.

Diseases: Organocide® 3-in-1 Spray controls certain fungal diseases such as (but not limited to) powdery mildew, downy mildew, black spot on roses, helminthosporium and greasy spot on citrus.

Target Plants: Vegetables, fruits, nuts, vine crops, herbs, spices, ornamentals, greenhouse crops, turfgrass, landscape plants, bulbs, flowers and field crops. Not For Indoor Use.

Plant Compatibility: When used as directed, Organocide® 3-in-1 Spray has an unusually high degree of safety to most plants. However, some plants in the Euphorbia family (Crown of Thorns, Poinsettia) have shown some sensitivity. If in doubt, test first on a small area of foliage to determine plant safety.

Directions for Use:

Do this 1st: Make sure the valve on the Sprayer Nozzle is in the "OFF" position.

Do this 2nd: Connect to your garden hose securely and turn the faucet on full force.

Do this 3rd: Turn the Sprayer Nozzle valve to the "ON" position.

When finished: Turn the Sprayer Nozzle valve to the "WATER" position to rinse and clean.

A single application is normally enough for control. For normal maintenance, spray once per month or as needed to spot treat areas. For severe problems, make two applications 3 days apart. Retreat in 7 days if problem persists.

ORGANOCIDE 3-in-1 GARDEN SPRAY

Antes de usar, lea la etiqueta completa

Use únicamente según las instrucciones en la etiqueta.

Insectos de Jardín: Organocide® 3-in-1 Spray mata los huevos, larvas y crisálidas de insectos, así como los insectos adultos, en todas sus etapas, de más de 25 insectos de cuerpo blanco incluyendo (sin estar limitado a) áfidos, pulgón de la tsuga, enrolla-hojas, chinches, gorgojos, tisanópteros, moscas blancas y mosquitos de hongo.

Ácaros: Incluyendo (sin estar limitado a) ácaros rojos, ácaros araña de abeto, ácaros roya, ácaros rojos de cítricos, arañas de dos manchas, arañas de seis manchas, ácaros plateado y ácaro enroñador.

Insectos en Escamas: Incluyendo (sin estar limitado a) escamas de sagú, escamas de magnolia, escamas de adelfa, escamas de San José, pulgón de la tsuga y escamas de bonetero.

Enfermedades: El Organocide® 3-in-1 Spray controla ciertas enfermedades causadas por hongos como (sin estar limitado a) roya polvorienta, roya negra, machas negras en las rosas, helmintosporium y manchas de grasa en los cítricos.

Plantas Objetivo: Vegetales, frutas, nueces, vides, hierbas, especias, plantas ornamentales, plantas de invernadero, grama, plantas decorativas, bulbos, flores y cultivos de campo. No es para usar en interiores.

Compatibilidad con las Plantas: Cuando se usa según las instrucciones, el Organocide® 3-in-1 Spray ofrece un alto grado de seguridad para la mayoría de las plantas que es poco común. Sin embargo, algunas plantas de la familia Euphorbiaceae (como corona de espinas y flor de pascua o poinsettia) han demostrado tener cierta sensibilidad al mismo. Si tiene alguna duda, pruebe primero en una pequeña área del follaje para determinar la seguridad específica con la planta.

Instrucciones de Uso:

Primero: Asegúrese que la Boquilla del Rociador esté en posición apagada "OFF"

Segundo: Conéctela a la manguera del jardín de manera que quede bien ajustada y abra el chorro al máximo

Tercero: Abra la Boquilla del Rociador, a la posición "ON"

Cuando finalice: Coloque Boquilla del Rociador en la posición de agua "WATER" para enjuagarla y limpiarla

Por lo general, una única aplicación es suficiente para el control. Para el mantenimiento regular, rocíe una vez al mes, o tal como sea necesario para tratar las áreas con manchas. Cuando se trate de un problema grave, aplíquelo dos veces, dejando tres días de por medio entre las aplicaciones. Si el problema persiste, aplique de nuevo a los 7 días.
